- PROGRAM OBJECTIVES:**
- **Develop entry to mid-level professional graphic designers,** well-skilled in the contemporary principles of Visual Communication, software and production methodologies as applied the print, design, and web industries.
 - **Provide an efficient, personalized, effective instructional environment** ONLINE, allowing access from a local, national, and international student base.

- STUDENT OBJECTIVES:**
- **Develop applicable skills of graphic design** and visual communication principles
 - **Develop competency in the use of the Adobe Creative Suite** (Photoshop, InDesign, Illustrator, and Dreamweaver)
 - **Build an interactive pdf portfolio** for marketing skillsets to industry professionals, and for the solicitation of freelance work.
 - **Develop an operational Portfolio Website** for marketing skillsets to industry professionals, and for the solicitation of freelance work.

LEARNING OUTCOMES: Delivery of instruction through this ONLINE format has proven to result in a very high-level of design competency and professional outcome. Buy comparison to more elongated and or protracted programs, the students graduating from the Academy of Digital Media fare extremely well in this professional industry.

The efficiency of the learning process through the ONLINE environment (accessibility 24 hours a day, 7 days per week, from anywhere in the world) provides a comprehensive and flexible learning environment. **NO STUDENT LEFT BEHIND.**

PORTFOLIO DEVELOPMENT / BUSINESS PRACTICES

INSTRUCTOR / AVAILABILITY

Our general “rule of thumb” for instructor availability and response to student inquiries is 24 hours, unless the inquiry is received over a weekend or holiday period. This could mean as long as 48 hour response time. **However**, experience has told us that our instructor-base is much more accessible than that throughout the academy due to the immediacy of the subject matter.

INSTRUCTIONAL OVERVIEW

What is it like to learn **ONLINE** through the Academy of Digital Media?

HERE IS A TYPICAL WEEK-LONG STRUCTURE

Log on to the Digital Design Institute Instructional site and access the weeks Lesson plan. It will clearly outline in a step-by-step fashion what the week will bring.

Generally, the week is a combination of the following:

- 1) **Review the instruction videos** for the week. approx. 5-15 (repeat as necessary)
- 2) **Perform the instruction**, contained within the videos.
- 3) **Due at end of each weeks instruction** (Saturday afternoon) are one or more of the following:
 - performance assignments
 - research papers online
 - interactive discussion forums
 - design critiques and evaluation of peers work
 - participate in live online webinars

This process continues for a full 12 weeks culminating in a **FINAL PRESENTATION** of all Portfolio materials Online.
